

Jason Helmick

“You should be able to do the job on Monday”

CAREER HIGHLIGHTS

- » Jason Helmick has over 20 years in IT as an enterprise consultant and teacher. He works with many domain specific technologies, however has a passion for PowerShell. Since its initial release, Jason has authored courseware, taught and written articles about PowerShell and its affect on the industry.
- » Jason teaches with a “Real-world” view and is one of the founding designers of Interface’s Hard Hat course series. The philosophy of the series is learn by solving business problems, not a step-by-step feature crawl. His favorite phrase, “You should be able to do the job on Monday”.
- » Jason, along with Mike Pfeiffer, are the co-founders and co-leaders of one of the top PowerShell user groups known as AZPOSH.

JASON’S COURSES

PS300: PowerShell for Administrators
